

OPEN SQUARE FOUNDATION

*all sides being equal™*

### **A Message to Leadership Reveille Participants**

If you imagine looking down from above on a town square, you get what Open Square's logo symbolizes: people's heads as they are talking. Extrapolate, and the colors illustrate different ethnicities, and in a larger context, different countries. Open Square Foundation is committed to fair, open, and honest discussion of the difficult questions. A person has the right to share equally in the decisions that affect their life ... hence, our tagline: "all sides being equal."

Locally, in partnering with Threshold 2008, we have seen how clearly they understand the intricacies of providing more equitable access to housing in our community. We are thrilled to work with this team. Let's all respond to this urgency together.

Wynnette LaBrosse  
President  
Open Square Foundation

Dick Matgen  
Executive Director  
Open Square Foundation
